Botanic Garden Page Now Live on the BHS Website!

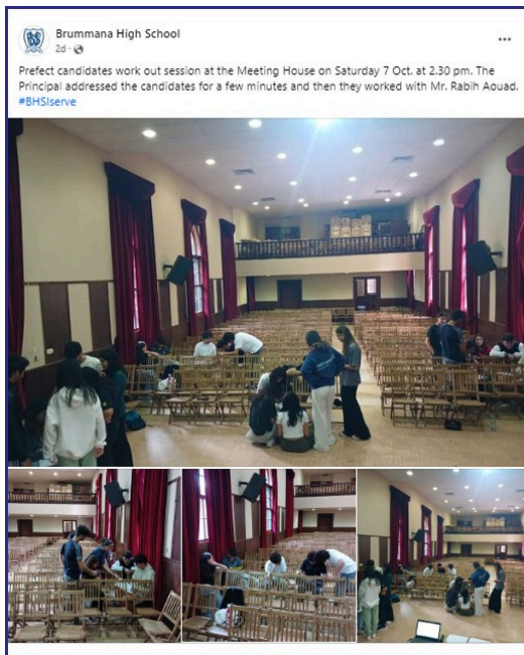

We are thrilled to announce a new addition to our online presence – the Botanic Garden page on the school's website is now live! This digital space is dedicated to showcasing the natural wonders of the school's green space. Currently, you can explore two captivating trails, each offering a unique journey through the rich biodiversity of our campus. As we embark on this virtual adventure, please stay tuned for regular updates, including educational materials, themed gardens, biomes, and more. We invite you to visit the page (<https://bhs.edu.lb/campus-life/botanic-garden/>), immerse yourself in the beauty of our botanic garden, and watch as it blossoms digitally.

A link for the page can also be found on the homepage under the Campus Life tab.
